Bangalore.

Sir,

I have the honor to submit herewith copy of letter No. C.4, dated 21st October 1901, from the Chief Engineer of Mysore, together with a list of the 7 out of the 8 offices therein referred to, required for Excise Inspectors, and to state that as no accommodation is available in Taluk cutcherys and no other Government buildings are available for the purpose, as reported by the Deputy Commissioners, it is absolutely necessary that additional rooms should be built early, as proposed

in

in the aforesaid list. Accordingly I beg to solicit that a special grant may be sanctioned for the purpose to enable the Chief Engineer to carry out the works as speedily as possible.

Channarayapatna is the 8th place alluded to in the Chief Engineer's letter. But a separate proposal will be submitted for providing accommodations for the Excise Inspector's office at Channarayapatna, it being under contemplation to build additional rooms for his office in the proposed building for the Sub-Registrar's office there. Arakal has been newly added in the accompanying list.

Sir,

With reference to your docket No 610/Ex 744-97 dated the 19th May 1903, requesting to be informed how the building once occupied by the Sub Registrar's Office at Doddaballapur was permitted to be occupied as a Reading Room, I have the honor to state that the building in question is the Sunkada Chavadi, a provincial

provincial building used by the Sheristy
and Patel for collecting revenue and such
other Government work. The Amildar applied
for permission to use this as the Reading
Room, as desired by the people of the place
to be called the "Shrishmaraja Institute" in
honor of the installation of His Highness
The Maharajah. I, as Dy Commissioner
and President, passed orders that it may be
so utilized if not otherwise wanted. After
this sanction was given, the Excise Commissioner
in his docket No. 4343/112 dated 29th January
1903, asked me to give the said building
for the office of the Excise Inspector
as soon as the Sub Registrar removed his

his Office to the new building, which has been lately erected for him. When permission as above and in honor of the Installation of His Highness the Maharajah had already been granted, intimation there of was given to the Excise Commissioners.

It may here be mentioned that other arrangements have since been proposed to the Excise Commissioners for holding the Excise Office in another building better suited than this one.

In submitting herewith copy of the marginally noted correspondence, I have the honor to state that it is very necessary that Excise Inspectors' Offices should be located in Taluk Cutcherrys to enable the Inspectors to see that remittances from Government Abkari contractors are promptly received in Taluk Treasuries; to readily rectify any differences between the Taluk accounts and Excise Inspectors' accounts; to readily ascertain the Excise arrears due from the various contractors and promptly help the Amildar to recover the same; and

to

2. I beg that two additional rooms may be built in the following taluk cutcherrys for Excise Inspectors' Offices:—

(1) Tiptur
(2) Hunsur
(3) Nanjungud
(4) T. Narsipur
(5) Seringapatam

Sir,

With reference to your letter No $\frac{5661}{1845}$, dated 14th instant, enquiring what provision has been made during

the

the current year for Constructing
additional rooms to Taluk Cutcheries
for accommodating Excise Inspectors' Offices,
I have the honor to inform you that
nothing has been done in this direction,
as funds could not be made available
for these works from the current year's
budget, the provision of Rs 25000, therein
made for minor buildings of the kind
having been reduced by Government
to Rs 12000 which amount was hardly
sufficient to cover requirements for
the incomplete works of the previous
years. The additional accommodation
now asked to be provided in 22 Taluk
Cutcherries would roughly cost Rs 33000
at Rs 1500 each, but as it will not be
possible to allot this large amount
in one year, a sum of Rs 10000 will
be provided for the purpose in the next
year's budget, which if passed by
Government will be utilized with your

Sir,

In reply to your docket No: 712/Ex: F. 44-97, dated 19th June 1903, I have the honor to state that no other arrangements have been made for locating the office of the Excise Inspector at Shoddaballapur.

2. The Deputy Commissioner, Bangalore District, suggested that the back room of the new Sale Registry office might be given for the Excise Inspector's office by locking the

the door of Communication between the two rooms and placing an almirah against it, and opening a door in the rear wall. But the Inspector-General of Registration says that the room in question, being required for the Sub-Registrar's records, it cannot be spared. The Chief Engineer in his letter to the Inspector-General of Registration says that it is inadvisable to alter the standard design of the Sub-Registry office. The arrangement proposed by the Deputy Commissioner, cannot therefore be carried out.
